REPRESENTATION TO HEAD OF ALL NATIONS

From,

Vishwatma,

Chairman-Mission for Global Change,
2nd Floor, 1067, Sector 6, Jankipuram Extension,
Lucknow, Uttar Pradesh, India, PIN-226031
Email: vishwatma.globalsoul@gmail.com

Date – 10th April, 2024

Subject:

1. Request to take cognizance on contents of this representation in the name of humanity, giving a go bye to the general practices of offices of diplomats to ignore such appeals/representations;
2. Request to have international treaties:
 - (a) To form a union similar to the European Union with your neighboring countries;
 - (b) To form a government of your hemisphere with your neighboring Unions; and
 - (c) To form a government like competent institution for the whole earth by reforming the structure of the United Nations;
3. Request to send appropriate suggestions and/or support by resources to MGC; on initiative of MGC to form above said super-national interim governments and respective parliaments to facilitate the above said global consensus; in case due to traditional working practices and various compulsions, the nation states of the world are seen unable to form above said governments and Parliaments within 6 months from the receipt of this representation.

Hon'ble H. Excellency,

The submissions of undersigned are as under:

1. That the undersigned is aware that it is general practice of offices of diplomats that such representations received from citizens of own/other countries are neither acknowledged nor replied. But in the given world order the inhabitants of this earth, like the undersigned and his associates, have no other option to urge for safety and security of self and of surroundings. Because in the present age of global communication, Global economy and borderless world market, only by the domestic government the rights of security of life and property of domestic citizens cannot be protected and right of consumption of already granted constitutional rights cannot be guaranteed. War disasters happened and even still happening till date in Ukraine, Israel and Gaza are recent glaring examples. Due to absence of effective mechanism to prevent and stop such wars immediately; the recurrence of such war may happen again and again in future. The unbearable sufferings of civilians caused by the wars in these countries are realized by the head of all nations but due to structural compulsion of immature state machinery they are bound to watch this man-made disaster helplessly.
2. That due to horrible and helpless situations mentioned above the civilians of all countries of the world are gripped with fear of possibilities of bombardment and showering of missiles on their houses in

the coming days. It is now crystal clear that the United Nations is helpless to stop wars due to its structural reasons. This agency helplessly watching the killings of multi thousand civilians of various countries. Similarly, the head of nations of the world are also helpless in such matters. The domestic citizens and thinkers are directly affected from so called foreign rules in the matters of export induced poverty and unemployment, state sponsored corruption, terrorism, wars and environmental hazards, etc but are not been given the right to present their research, findings, suggestions, proposals and representations to heads of other Countries and to the United Nations. The domestic citizens are also not even given right to know the action taken report on their above said suggestions and representation sent to other states. Means, the enlightened citizens, civil societies and political thinkers around the world have been in confinement within the borders of their countries. It is now clear that this confinement of ideas and the old patterns of international diplomacy based on the immature structure of the present political system will definitely lead to further war disasters. Therefore, to save the world and the people of the world, this old pattern of diplomacy is bound to be broken. Therefore, realizing the duty to humanity, the organization of the undersigned has no other option but to convey its findings through this representation to all head of nation states to maintain peace, promote development, reform the immature world political system and ensure the participation of marginalized sections of global society in power and global prosperity.

3. That due to global competition to minimize production cost through automation, the governments of nation states are no longer capable of giving employment to domestic citizens and thus no longer capable of eliminating poverty and of controlling unhealthy inequalities. Hence therefore grant of International and Global Rights (attached as Annexure No-03) to all citizens of all nation states is the only way out left and most effective way at present. Without creation of new super-national government like agencies the protection and guarantee of above said International and Global Rights is not possible.
4. That we all are aware that the technology of the Internet has affected the polity and economy very deeply. It has given a big boost to the already existing interrelationships and interdependence amongst the citizens of the countries. In this contemporary age, some multinational corporations have become more powerful than the governments of many countries in the world. The formation and stability of governments in all the countries, where the multiparty democracy is in practice, are now influenced more by multinational corporations and internet-driven media than by the general will and public opinion. In this situation the governments have become helpless before the corporations.
5. That therefore, it has become impossible for the governments of countries to protect and nurture the political, economic and international interests of the majority of the citizens of their countries. Due to this compulsion of the governments of nation states, the traditional definition of sovereignty have now become political superstition. It is no longer possible to define sovereignty by traditional norms. In this regard, the definition of political thinkers like T.H. Green has now become more relevant to sovereignty.
6. That for the above reasons, it has become indispensable to carry out structural reforms of the United Nations by ratifying appropriate international treaties without delay. So that it could be possible:
 - a. To promote the proper and inclusive development of country of H. Excellency;
 - b. To protect and enhance the international and global interests and rights of domestic citizens of H. Excellency;

- c. To protect the country of H. Excellency and citizens from environmental hazards and from international economic exploitations;
 - d. To prevent the possibility of a third world war and to ensure global peace;
7. That to avail above said benefits by countries and their domestic citizens, formation of some government like vertical institutions is required to grant and protect the international and global rights of citizens of all nation states. International Rights may be granted and protected by the union of neighboring countries but the Government of the earth is required for the grant and protection of global rights. In order to grant various fundamental rights to domestic citizens a historic achievement was attained when separation (horizontal) of state power was done in 17th and 18th centuries. Today the vertical separation of state power has become indispensable to grant and protect the international and global rights of domestic citizens of all nation states.
8. Hence, it has become the urgent need of the hour:
- a. To have international treaties with neighboring countries of H. Excellency to form a union similar to the European Union,
 - b. To have international treaties to form a government of East/West hemisphere with neighboring Unions of H. Excellency; and
 - c. To have international treaties to form a United National Government like competent institution of the whole earth by reforming the structure of the United Nations.
9. The undersigned had been requesting the nation states since 2006 but the nation states are neither rejecting not translating the proposals of undersigned into action. Due to this delay, the whole world is being compelled to witness helplessly the war disaster in Ukraine, in Israel and Gaza. Hence, the undersigned and associates of his organization have passed a resolution (Attached as Annexure No.-01) in the International Conference of World Social Forum which was held in Kathmandu, Nepal from 15th to 19th February 2024 and it was resolved to send the resolutions passed to all the Head of Nations requesting and appealing to help the Mission for Global Change, MGC to form vertical parliaments and governments suggested in the instant representation. It was further resolved that if the resolutions are not translated into action by the nations within 6 months/before the United Nations Day, 24th October 2024, the Mission for Global Change should form the above said interim parliaments and interim governments. The copy of the passed resolutions is attached herewith along with the concept note for kind perusal of office of H. Excellency.

REQUESTS

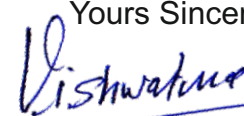

My requests to H. Excellency are as follows:

1. Please refer to my instant representation received through the Ambassador Extraordinary and Plenipotentiary Permanent Representative of Permanent Mission of country of H. Excellency to the United Nations and constitute a competent Ministry/department under the government of H. Excellency to work on above said international treaties necessary to act on the subject matter of this representation.
2. Arrange for the meeting of delegation of Mission for Global Change, MGC. So that the team of undersigned can present its points directly before H. Excellency/representative(s) and resolve the doubts.
3. Organize an international conference on the proposals of this representation and invite representative/delegation of MGC to speak.
4. Request to support the Mission for Global Change, hereinafter "MGC" through grant of finance, facilitation of logistics and infrastructure in order to spread the indigenous idea of global change and world polity evolved by the undersigned and in order to create global consensus to get the draft of above-mentioned treaties ratified by the concerned nations for the formation of above said super-national governments and respective parliaments.
5. Request to send appropriate suggestions and/or support by resources to MGC; on initiative of

MGC to form above said super-national interim governments and respective parliaments to facilitate the above said global consensus; in case due to traditional working practices and various compulsions, the nation states of the world are seen unable to form above said governments and Parliaments within 6 months from the receipt of this representation or before the United Nations Day, 24th October 2024.

Regards,

Yours Sincerely

(Vishwatma)

Chairman- Mission for Global Chance, MGC

Annexure-

1. Copy of the resolution passed at the International Conference of the World Social Forum held in Kathmandu from 15th to 19th February, 2024.
2. Copy of the Concept paper of WSF, distributed extensively in the above said international conference of World Social Forum held in Kathmandu.
3. List of proposed international and Global Rights of citizens of all countries.
4. List of Nation States to whom the instant representation is sent.

Copy to:

1. **Secretary General of United Nations**, New York, N.Y. 10017 to take action appropriate for transforming the United Nations Organization, UNO to United National Government, UNG.
2. **To members of World Social Forum** with request to join hands with initiative of MGC to draft the constitutions of super national governments and the treaties and to form above said super-national interim governments and respective parliaments to facilitate the above said global consensus; in case the nation states of the world are seen unable to form above said governments and Parliaments within 6 months from the receipt of this representation or before the United Nations Day, 24th October 2024.
3. **To media institutions** for communicating this news related to content of instant representation and for awareness of global society on citizens' International and Global Rights.

(Vishwatma)
